

Utah State Square & Round Dance Festival 2025

Save the Date - May 2 & 3, 2025

Caller: Eric Henerlau

When Eric calls a dance, his positive energy fills the hall. He has devoted himself to teaching and calling square dancing since 1980, and his passion for the activity continues to draw people in. Eric combines music,

choreography, and a personal connection with the dancers to create a party atmosphere. Square dancers throughout the country recognize him as one of the premier Square Dance callers and teachers. Whether he is at a club night, festival or individual party event, Eric shows people that it is not just about the dancing but the need for people to connect and share in the joy of the activity.

Eric has called in several states, as well as Japan, Belgium, and Germany. Eric calls each week for the Tam Twirlers in San Rafael and Eric's Eagles Advanced group in Marin County, California. As an accomplished caller at all levels from beginners through C2, Eric knows how to entertain dancers regardless of their experience, and because squares and rounds complement each other, he will occasionally cue a Phase III or Phase IV Round Dance.

Singing calls are an integral part of Eric's program, and his love of music has led him to record several songs. He has recorded on Gold Wing/Fine Tune Records and currently records on Blue Star. He is happy to have released several popular singing calls, including "Beautiful Sunday", "Alright, OK", "Walking on Sunshine" and many others.

His nearly 40 years' experience in the square dance community gives him the skills and expertise to contribute leadership to square dance organizations. Eric serves on the Board of Governors of CALLERLAB and currently chairs the Plus Committee. He has served on the CALLERLAB Executive Committee and currently serves on several other CALLERLAB committees, all with the focus on attracting and retaining dancers.

Cuers: Dan and Allison Drumheller

Dan & Allison are from northern California. Dan has been cueing for more than 40 years and together they have been teaching round dancing for over 25 years. They teach phases II-V, and Dan cues phases II-VI.

Dan & Allison are members of Roundalab (the Round Dance Teachers Organization), NCRDTA (the Northern California Round Dance Teachers Association), and ICBDA (the International Choreographed Ballroom Dance Association).

They chair the Phase III standards committee for Roundalab, as well as organizing the Round Dance activities at the Golden State Roundup festival.

They have been featured clinicians at the Aloha State Festival in Hawaii, Okoboji Spring Fling in Okoboji, IA, at Roundalab, at Nationals, and throughout California and Oregon at various festivals and weekends.

Dan is retired from the US Air Force, where he served for 30 years. He is currently working for the Dept of Defense at Travis Air Force Base in Fairfield. Allison enjoys her role as homemaker. They have one daughter, Sara, who is attending college.

We look forward to having Dan & Allison at our Festival in 2025 and know our round dancers will have a wonderful time dancing to them and learning from them!
